# LANGDON PUBLIC LIBRARY

---

To the Citizens of Newington:

The Trustees of Langdon Library herewith submit the forty-fifth annual report with financial statement, and librarian's report for the year ending January 1, 1937.

The state statistics show that among libraries of our size and standing, Langdon Library has a splendid record of circulation per capita. Much credit for this record is due to our competent Mrs. Greenough.

Patrons of the library will note the marked improvement the renovating of the ceiling, walls, and floor has made in the appearance of the library. Attention to this need has been desired for some time, and we are pleased to have accomplished it this year..

The New Hampshire Library Commission advises that a book committee composed of the trustees, the librarian, and one or more qualified members of the community be appointed as an aid in selecting books, and we followed that advice. Miss Marie de Rochemont and Mrs. Ralph Loomis kindly served on that committee this year. In time, the changes of the committee will represent the varied tastes of our readers. The librarian is glad to receive suggestions for the book list from anyone at all times.

We should like to suggest to our citizens and friends of the library that gifts or loans of old maps, old books and papers, especially those pertaining to local and state history would be gratefully received. Old books should not be discarded, as they may be of some worth. Seemingly valueless things, books of travel, the best sellers of their day, books which are now hopelessly antiquated all have their value to students of literary history, because they show what people were doing and thinking at the time the

books were written. Libraries are collecting them more and more, and they add to the resources of our reference shelves. One librarian reported the finding of a rare first edition in an old croquet-box.

We thank all who have contributed in any way to the welfare of Langdon Library.

# LIBRARIAN'S REPORT

---

To the Trustees :

A decreased circulation throughout the Library system has been noted during the year, although there has been a greater use of the reference service and demands for books of a technical and business nature.

The decrease in the circulation can be attributed to the normal reaction experienced by all libraries.

Magazines dealing with current, social, economic and political matters have been in great demand.

We hope the time will come when all the citizens of the town will become conscious of the fact that the Library is waiting to serve everybody inasmuch as it is not an organization for a favored few but for people in all walks of life.

A few books and magazines have been given by interested friends, also from a few publishers have come books on economic subjects.

The usual reports from the State Departments have been received.

Your Librarian is there to serve and assist every one in whatever ways she can.

Respectfully submitted,

HATTIE M. GREENOUGH,

Librarian.

# REPORT OF THE SUPERINTENDENT

---

To the Schoolboard of Newington:

I herewith submit to you my seventh report as superintendent of your schools.

The financial benefits of state aid have come to Newington with increasing force during the past three years. In the report of last year I said that \$479.99 had been paid the school district in December, 1934 and a like sum in December, 1935 "with a possibility of a slightly additional advance check in the spring." This additional check amounting to \$147.73 was received by the school board in June. Thus the total for that year was raised to \$627.72. The amount of aid for December, 1936 originally called for \$543.09 as stated last year. This has already been increased by twenty dollars and has been so received by your board. Thus, I believe, economy has been devoted and achieved. Another way of showing the effect of this aid may be as follows: In recent years up to and including the school year 1933 and 1934, the amount of money for the support of schools not derived from the school tax was between \$114 and \$140 yearly. The next two years the amounts were \$617.52 and \$770.75.

The amount of the appropriation for schools last March is about \$900 below the lowest in recent years. This is, of course, due to the first receipt of State Aid for the then current year. This cannot be expected to occur again.

Are Newington schools being operated economically? Tables of costs for the past year, as given out by the State Board of Education place the average per pupil cost in New Hampshire as \$77.93. The same tables place the Newington per pupil costs at \$75.03. Since there were sixty-seven pupils in our schools the per pupil allotment of State aid was \$9.37. Thus while the average per

pupil cost was \$2.90 below the New Hampshire average, the cost to the people of Newington was actually \$12.27 below this average.

For the past few years Newington has been faced with the problem of a crowded primary room. This year we asked the teacher to give standard instruction to each of forty-one pupils in four different grades. With one grade in the room th's might be possible but with four grades we were faced with two alternatives. We might continue under this handicap with the result of a continually increasing number of failing pupils and increasingly poor preparation for later grades. Since each year's work that is failed necessitates the pupil staying in school that much longer, failures are expensive. The other alternative was the employing of a part-time teacher to take charge of that part of the work which requires more personal supervision and individual attention. Mrs. Gaudreau is doing just this. It is my opinion that the extra expense to the district will result in a considerable lessening of failures and therefore obviate increased expense in the future. I feel certain that State Aid will keep the expense this year within the budget voted by the people last March.

This year, we are devoting special attention to the teaching of Spelling. Two definite steps have been taken toward increased efficiency in this skill. Samples of seventeen different and modern spelling texts were obtained and submitted to the teachers of this Supervisory Union for their comments and criticisms. It was the opinion of a large majority that for interest, teachability, and skillful application of the words studied, the Modern Life Spellers were the best. I am therefore recommending these texts in the Newington schools. Another approach to the same problem is to be made in that all papers written by pupils in any subject must be correct as to spelling before credit for the work will be given.

Our school nurse, Mrs. Sheehy, has won the confidence of the school people of Newington. Her services have

helped to keep our attendance record in better condition. Whenever needed, she has given unhesitatingly of her own time and expense for the welfare of the children. Her itemized report follows and deserves careful reading.

Newington very much needs playground equipment. Such equipment may be as expensive or as inexpensive as need be. The problems arising from unequipped grounds are many and occasionally serious. The returns in school morale would be great. A slide would furnish amusement for a considerable number of pupils. Swings are inexpensive even when they are put out by commercial companies. Sometimes second-hand equipment can be purchased. This matter would furnish a project for some of the organizations in town which are interested in local conditions. Let me commend this matter to your earnest consideration.

I wish to express to you my appreciation of kindly advice and help received from you as a Board.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

February 8, 1937.

## SCHOOL REPORT

---

To the Citizens of the School District  
of Newington, N. H.:

We herewith submit the annual report of the School Board.

It was the pleasure of the School Board in September, to retain two of our teachers, Mrs. Marion Kenison and Miss Margaret Pickering. It was with regret, however, that we accepted the resignation of our Musical Supervisor, Mrs. Mary Poore.

At this time we wish to express our most sincere appreciation to the children's beloved music teacher, for her conscientious work in the past. The pupils and friends of Mrs. Poore will always have a warm feeling in their hearts for her.

We wish to extend a hearty welcome to the new addition to our teaching staff, Mr. George Wilson of Dover, N. H., who succeeds Mrs. Poore and is very competent in his work.

Upon the resignation of Mrs. Dorothy Lindsay, our district nurse, we were indeed fortunate in securing Mrs. Eloise Sheehy, whom we feel is carrying on the work in a most satisfactory manner.

We were pleased to secure Mr. Gillmore again for our district superintendent. As in the past, the interest and enthusiasm in his work is very valuable. Through his efforts we secured \$20. additional on State Aid. And as an increased attention to spelling seemed necessary a new system was inaugurated.

Upon the recommendation of Mr. Gillmore, the services of Mrs. Ed'th Gaudreau were secured as a part time teacher. Due to the extra number of pupils in the primary room there were several children whose work was not satisfactory. With Mrs. Gaudreau's assistance these pupils are being helped to a normal average in their work.

The services of our new janitor, John F. Hoyt, have been satisfactory in every respect.

The average attendance of the Newington School has not been as high as many of the schools in the district, therefore we urge the parents to send their children every day possible and bring the attendance record up. The most important reason, of course, is for the sole benefit of the child. Parents and citizens are cordially invited to visit school and any suggestions for the good of the school will be received gladly.

Respectfully submitted,

EDNA L. GARLAND,

PERCY E. DeROCHEMONT,

J. MANNING HOYT.
